hangsafehooks.com

Designer;

Thank you for your interest in HangSafe Hooks.

Please call if you need something we didn't provide with this set of files.

Kevin Schauer

Hook Spacing Options:

'HangSafe Coat Racks' are offered with standard hook spacings:

5 1/3"	-	500 Series
6.4"	-	640 Series
8"	-	800 Series
10 2/3"	-	1000 Series
12"	-	1200 Series

Standard lengths of racks are mixed and matched to achieve the desired total coat rack length and/or number of hooks. Hook spacing and the 16" OC 'mounting pockets' are not interrupted over the full span of the coat rack.

How To Specify:

Division: 10914

Determine the desired hook spacing, and open the coordinating dwg file.
Follow the equation on the drawing.

Specify a stain color from:

http://www.minwax.com/products/wood_stains/wood_finish.html#Colors
